

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Eleven Mile Ranch Association Monitoring Requirements Not Met

Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien.

Our water system recently violated 3 drinking water requirements. Although these situations are not an emergency, as our customers you have a right to know what happened, what you should do, and what we are doing to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 4th Quarter 2024 we did not complete all monitoring or testing for LT2 testing in the months of April and May - 2nd Quarter 2025 - we did not complete all monitoring or testing for E.Coli - Turbidity - Entry Point Residual Disinfectant in the months of April and May and therefore cannot be sure of the drinking water quality during that time.

What does this mean? What should I do?

- There is nothing you need to do at this time. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours.

What is being done?

- We have submitted the required results and are working to eliminate all late reporting. October 1, 2024 to October 31, 2024, April 1, 2025 to April 30, 2025 and May 1, 2025 to May 31, 2025

We anticipate resolving the problem by **EMRA has submitted all samples and all issues have been resolved.** For more information, please contact **Scott Jones** at **scottsnewemailis@gmail.com** or **7073490015**, or **PO Box 591, Lake George CO 80827.**

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
